Pluto... I need to tell you something. It's about...your summoning threads to me. I...I understand that you want to talk to me, but...life is busy and, if I'm going to be honest, whenever you summon me to answer you, it...it slightly hurts. I know I've said before that I will be there for you whenever, but... I have a life too, and it just slightly pains me when you call me to answer a post immediately.

We did this thing in home room a while ago where we had to be blindfolded and put with a partner. Then we had to describe what we looked like and what we were wearing. And we had a substitute and he didn't know us so Nacho and I got paired together and it was really easy. Anyway do you wanna do it even though I already know who you are?

Come be nice Phil plz

The older twins are staying home and Nacho has PT so he couldn't come. He's staying with my best friend and his best friend's (they are twins) house. The youngwins (that's what we call the younger twins bc it's kind of confusing) are struggling behind me to get out of there car seats. Ben is next to me and watching a movie.

Pluto, you're not a pain. Don't think that I'm starting to get negative about you, it's just that I would like it if you kinda toned it down. You can still talk to me about your life *If only* you want to. I'll still be here for you as a friend, just...please be patient for me to answer? That's...all I ask.
